George A. Hashim, Ph.D.
Associate Research Director
The Council for Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. Hashim:

Please accept our sincere thanks for the contribution to support The International Symposium on The Role of HDL in Disease Prevention being held on November 7-9, 1996.

I have not yet deposited the funds pending your approval for deposition of the funds in the University of North Texas Health Science Center Foundation. We have designated account 97125 in the non-profit tax exempt foundation for handling funds related to the symposium. Would you please return the signatory permission in the enclosed self addressed envelope to alow us to deposit these funds in the UNTHSC Foundation. Your authorization will greatly facilitate the efficient utilization of the funds for the symposium. Please contact me at 817-735-2132 if you have any questions in this regard.

We believe that this international meeting provides a unique opportunity to discuss recent development in reverse cholesterol transport and we thank you for helping make this possible.

Sincerely,

Andras G. Lacko, Ph.D.
